PROFILE

Senior Front-End Developer with 7+ years of experience building scalable web and mobile apps using **React**, **React Native**, **Angular**, and **Vue**. Skilled in UI architecture, API integration, and **CI/CD**.

SKILLS

Languages & Frameworks: JavaScript, TypeScript, React, React Native, Next.js, Angular, Vue, Node.js
UI & State Management: Tailwind CSS, Styled Components, SCSS, Redux Toolkit, MobX, XState, Zustand
Mobile Development: React Native (Expo), React Navigation, Secure Store, OTA Updates (CodePush), Native Modules
Backend & APIs: REST API Integration, Firebase Functions, Supabase Edge Functions, Next.js API Routes, RDBMS, NoSQL
DevOps & Tooling: GitHub Actions, Docker, CI/CD, Firebase, Chrome DevTools
Tools & Integrations: Postman, Stripe, Twilio, Google Maps

EXPERIENCE

Heady   *Bangalore, India*
Senior Front-End Developer (Sub-Contractor)   April 2021 – March 2025
- Built 5+ scalable apps using **React**, **Next.js**, **React Native** with reusable UI and clean architecture pattern
- Reduced dev time 25% by building 40+ **reusable components** and applying **consistent theming** across apps
- Integrated **Firebase Auth**, **Firestore**, and **Analytics**, enabling secure login and real-time user tracking
- Used **GitHub Actions** to set up **CI/CD pipeline**, automating deploys and cutting manual steps by over 90%
- Enabled **OTA updates** with **CodePush**, reducing time-to-release by 70% and improving deployment cycles
- Added **Stripe**, **Google Maps**, and **Twilio** for payment, location, and SMS features, improving UX
- Participated in **Agile sprints**, sprint planning, and **code reviews**, achieving 95% on-time delivery rate

Mechlin Technologies   *Mohali, India*
Software Engineer   June 2017 – January 2021
- Created responsive UIs using **Angular**, **AngularJS**, **PrimeNG**, delivering apps for 10,000+ active users
- Integrated **REST APIs** across 5+ modules, streamlining hire, payments, admin tasks, and approval flows
- Developed **Pre-Prospect CRUD module**, boosting sales data handling and lead conversions by over 50%
- Reduced **QA cycle** time by 30% through **E2E tests** with **Protractor**, ensuring consistent release quality
- Achieved 98% **bug-free releases** by identifying issues early and ensuring alignment during sprint cycles

PROJECTS

Mobile & Web Design System (Reusable UI component library for React Native and ReactJS applications)
- Created a reusable UI library with 40+ components for **React Native** and **ReactJS** using design tokens
- Set up **Storybook** for **interactive previews**, **developer documentation**, and streamlined onboarding process
- **Ensured accessibility**, **brand consistency**, and **dark/light mode support** across all **components**

Digital Labeling App (Mobile app to replace physical labels and streamline inventory workflows)
- Built digital labeling workflows using **React Native** and **XState** for robust state management and flows
- Designed UI with custom components, delivering **responsive layouts** and consistent brand styling throughout
- Implemented scanning, label generation, and compliance-driven **UX improvements** to optimize warehouse ops

EDUCATION

Lovely Professional University   *Punjab, India*
Bachelor of Technology in Computer Science and Engineering   2014 – 2017
Diploma in Computer Science and Engineering   2011 – 2013
